

SENATORS ATTACK CLEMENCEAU AND HIS U. S. MISSION

Hitchcock and Borah Flay France's War Premier in Bi-Partisan Debate—Tiger is Defended by Senator Sterling of South Dakota—Says Fear of Germany Justified

(By The Associated Press) WASHINGTON, Nov. 23.—Former Premier Clemenceau of France and his mission to America as well as the policies of the present French government were subjected to a bi-partisan fire today in the senate, in a nearly two hours frank discussion of Franco-American relations. Senator Hitchcock, Democrat, Nebraska, former chairman of the foreign relations committee, and leader of the senate forces which sought ratification of the Versailles treaty, was joined by Senator Borah, Republican, Idaho, prominent treaty opponent in the criticism. Both rejected the plea of M. Clemenceau for cooperation between America and France for peace as long as present French policies are pursued, but Senator Sterling, Republican, South Dakota, who followed with a brief defense of M. Clemenceau, supported the French statesman's assertion that French fear of German militarism was justified. Senator Hitchcock flayed the French policies toward Germany, which he said were "harsh," naming particularly the reparations demands and use of black troops in Germany. France, he declared, might have had "a more appropriate spokesman" than M. Clemenceau and he called upon the former to "justify" in future speeches in this country the French policies which he attacked.

SHIP SUBSIDY BILL HAS ROUGH VOYAGE IN HOUSE THURSDAY

Defended and Attacked in Five Hour Debate

(By The Associated Press) WASHINGTON, Nov. 23.—Brought up in the house, the administration shipping bill was commended and condemned during five hours of debate today in which leaders on both sides of the battle took part. All told five speeches—three for and two against the measure—were made. Two full days of debate remain before the bill will be laid before the house for amendment and to satisfy all eager to speak, the meeting time tomorrow was advanced an hour. Chairman Green of the merchant marine committee which framed it and Representative Edmonds, Pennsylvania, ranking Republican member made the principal arguments for the bill. Representative John M. Nelson, Republican, Wisconsin, was selected by Democrats in charge of the opposition to go to the bat first to urge its defeat. Representative Bankhead of Alabama, Democratic member of the merchant marine committee attacked the bill at length and Representative Watson, Republican, defended it briefly. The good which he believed would come to the country thru operation of an adequate merchant marine was emphasized by Chairman Green, in opening the fight. He contended it would give employment to thousands, retain in the United States \$300,000,000 annually in freight payments, prevent the necessity of the country facing another war time tonnage crisis and right the injustice done the American marine over a long period of years. Hitting squarely at the opposition, Mr. Green told how the government had aided farmers and railroads, how it had built highways and then deplored its failure to put the flag to its proper second on seas. Explains Measure. In giving a detailed explanation of the bill inviting questions and (Continued on Page Four.)

MAN LOOKING FOR WORK PURSUED BY \$40,000 FORTUNE

Word Received That That Amount is Awaiting E. L. Iarke

(By The Associated Press) SPRINGFIELD, Ill., Nov. 23.—A fortune of \$40,000 is pursuing L. R. Clarke of Bristol, England, who is on his way to Oklahoma to look for work. Clarke, until a short time ago, was employed here as a traveling salesman for a manufacturing concern. According to Morton D. Barker, president of the company he departed for Kansas City a few months ago with the intention of making his way to Oklahoma, where he expected to secure work.

TWO TREATIES OUT OF LAUSANNE CONFERENCE

(By The Associated Press) LAUSANNE, Nov. 23.—Two treaties probably will grow out of the Lausanne near east conference if it has a successful outcome. One will be a treaty between Turkey and Greece settling their boundaries and adjusting the problems which have arisen directly out of their conflict at arms; the other will probably be the revamped and revised treaty of Sevres, designed to put Turkey at peace with all the allied powers which were at arms against Turkey in the great war.

Noted Newspaper Man Dies in Chicago

(By The Associated Press) CHICAGO, Nov. 23.—Henry N. Carey, nationally known as a newspaperman and general manager of the Chicago Newspaper Publishers' association, died here tonight. Mr. Carey was born in Racine, Wis. He learned the printers' trade in Kansas, removed to Milwaukee, Wis., where he became a proprietor and then managing editor of the Milwaukee Sentinel. Later he was editor of the Chicago Times, general western manager of the New York Associated Press, managing editor of the New York Times, editor of the

MINNESOTA MAN IS NAMED FOR SUPREME BENCH

President Sends Name of Pierce Butler to Senate

(By The Associated Press) WASHINGTON, Nov. 23.—The nomination of Pierce Butler of Minnesota, to be associate Justice of the Supreme Court of the United States, to succeed William B. Day of Ohio, resigned, was sent by President Harding today to the senate. Mr. Butler is a practicing attorney of St. Paul, fifty six years old and a Democrat. Mr. Butler was admitted to practice before the supreme court on May 26, 1894 and since then frequently had appeared before the bench in the argument of important cases including the Minnesota rate cases of 1912, decided by Justice Hughes. The appointment will restore to the bench the political equation which existed when Justice Clarke resigned. He, a Democrat was succeeded by Justice Sutherland, a Republican, but by selecting a Democrat to succeed Justice Day, Republican the court will again stand, six Republicans and three Democrats. Chief Justice Taft and associate Justice Van Devanter are more intimately acquainted with the new associate Justice than are their colleagues, but he is known to them all. With the former he was engaged in the Grand Trunk Pacific railroad company arbitration which occupied much of the attention of Mr. Taft while he was in retirement after leaving the white house. In the arbitration Mr. Butler won his contention for counsel for Canada, Mr. Taft dissenting. Favorable Report Expected. In the senate the nomination was referred to the judiciary committee where it will be considered next Monday. A favorable report is expected to be made promptly by the committee. Democratic senators having freely expressed their approval of the selection. It is considered satisfactory to the Republicans. The nomination will place upon the bench of the highest tribunal another lawyer who has not won the esteem by previous service upon the bench. Like Justices Holmes and Brandeis the new justice never served in congress, nor occupied a cabinet or other important federal office. Justice Sutherland, the second member of the court appointed by President Harding was like several of his associates, at one time in congress, having been a senator from Utah but Mr. Butler won his distinction strictly by his legal prominence and not by any discharge of federal duties. It was stated today in court circles that Chief Justice Taft gave the president an unstinted recommendation of Mr. Butler's qualifications when the chief executive advised him that Mr. Butler was being considered for the vacancy. Senator Kellogg, Republican, Minnesota as well as others prominent in Northwestern affairs, also gave the president praise of Mr. Butler's abilities as a lawyer. Owing to the continued illness of Justice Pitney, who returned to Washington yesterday from his home at Morristown, N. J., it is expected that the president will, in the near future make his fourth appointment to the supreme bench. A bill for the retirement of Justice Pitney has been introduced and its early passage is expected leaving it to Justice Pitney to determine whether he will avail himself of its benefits. Those who have been closest in touch with Justice Pitney predict that unless there is a material improvement in his physical condition within the next month he will resign.

INDIAN VERSION OF CUSTER'S LAST FIGHT IS GIVEN

Judge Beede Said Indians Regarded it as a Defensive Battle

(By The Associated Press) CHICAGO, Nov. 23.—The Indian version of Custer's last fight was told here today by Judge Aaron McGuffey Beede of Standing Rock reservation North Dakota. The general Indian view said Judge Beede is that it was a defensive battle for their wives and homes. It was no ambush. They insist it was a fair fight in the open and the best side won. They maintain that the white general, his cavalrymen slain and himself wounded in the side, took his own life with his revolver. "I believe the account," The judge said that in connection with the Sitting Bull-Custer engagement in 1876 that Montana cattlemen coveted the land on which the Indians were camping and that also there was a move on to reduce the army and that it has been told that army leaders desiring to prevent a reduction believed that trouble with the Indians would accomplish their purpose. The Sioux Indians did not wish to kill Custer and regarded him as a just man.

ALIEN SMUGGLING RING UNEARTHED

(By The Associated Press) PENSACOLA, Fla., Nov. 23.—Details of the inner workings of what the government contends to be one of the most systematic organizations for smuggling Chinese aliens into the United States were unearthened in the south were related by witnesses in the federal court today in the case of two of the alleged eleven conspirators. The array of eleven defendants was shaken down at the outset when C. P. Moore and four others pleaded guilty. Five of the defendants were granted a severance. Those going to trial were Captain Benjamin Edmundson, launch operator of Pensacola and Louie Ying alias Quan Yick, of Louisiana. The government developed its case today largely thru D. M. Rice alias D. M. Richardson. The Chinese were brought from Cuba, off the shores of Florida, were transferred to other vessels and landed. The government developed its case today largely thru D. M. UNEMPLOYMENT TO BE PARAMOUNT ISSUE

(By The Associated Press) LONDON, Nov. 23.—The opening of the business session of parliament today quickly revealed what is likely to be the paramount question in both houses, apart from Irish legislation for which the session was especially called. The keynote of this was struck in the king's speech—unemployment. As soon as the time honored ceremonies incident to the state opening of parliament were concluded and before the new parliament really settled down to its duties it became evident that the government's hope of limiting the discussions to the Irish bill would be disappointing.

BANDITS SECURE \$10,000 PAYROLL

Detroit, Mich., Nov. 23.—Five armed bandits held up the cashier of the General Clear company on East Forest avenue this afternoon, took the company's payroll of \$10,735 in cash and escaped in an automobile. The robbery occurred a few minutes after the money had been brought under police protection from a nearby branch bank.

Unable to Maintain Good Living Standard

(By The Associated Press) CHICAGO, Nov. 23.—Railroad clerks, freight handlers and station employees are unable to maintain a proper standard of living, E. H. Fitzgerald, president of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees told the United States railroad labor board today in a hearing of the application of that organization against 41 railroads for increase in rates of pay. He based this assertion on the budget compiled in 1920 by the United States bureau of labor statistics which placed the minimum for a family of five at \$1,955.38 a year. This, he said, establishes a minimum living wage. "With the purchasing power of wages eight percent less than it was in 1895, measured by real food prices, the average yearly wages of the three classes of railway clerks is \$1,397.76 or \$559.12 a year less than the budget cost of living," he said. The increase of approximately 20 percent granted in 1920 virtually has been wiped out by the reductions of July 1921 and July 1922, he argued. In addition to this figures were presented to show that wholesale food prices had increased 4 percent between October 12 and Nov. 1 of this year. Conceding Earnings. "Railroad managers," he declared, "are conceding a large part of their net earnings while protesting against granting their men wages sufficient to maintain a minimum standard of living. Despite propaganda the roads now are in excellent financial condition. "Forty eight representative railroads have managed to hang on to profit by putting them back into equipment, track, ballasting and other improvements of a permanent character. During the first seven months of 1922, fifty American railroads spent more than \$100,000,000 in over maintenance. "General business conditions, upon which the roads are closely dependent, have shown marked improvement during the last few months. The heavy traffic now moving will probably show little, if any, abatement, at least in the near future. "The presentation of the employees' application consumed the entire session today.

DEMOCRATS LOOK FOR SUCCESSOR TO UNDERWOOD

Senator Simmons and Robinson Are Ones Considered

(By The Associated Press) WASHINGTON, Nov. 23.—Consideration by senate Democrats of the selection of a leader to succeed Senator Underwood of Alabama in the next session was begun seriously today at several private conferences from which it appeared that a choice probably would lie between Senator Simmons, North Carolina and Senator Robinson of Arkansas. Senator Underwood who returned here today announced recently that because of ill health he would not be a candidate for leadership when the 67th congressional assemblies would retire March 3. The leadership vacancy was discussed by several Democratic groups today after adjournment of the first Democratic conference of the present session. The subject did not come before the conference and further consideration was postponed. It was said until the arrival here next week of Senator Robinson.

NOTED ITALIAN STATESMAN DEAD

(By The Associated Press) ROME, Nov. 23.—Baron Sonnino, twice prime minister of Italy and also foreign minister during the great war, died tonight. Baron Sidney Sonnino, "the silent statesman of Italy," disliked to talk but could be fluent in five languages. He was Prime Minister of Italy in 1906 and again in 1910. From 1914 to 1919, he was Minister of Foreign Affairs. He also served as Minister of the Interior and as a member of parliament. He brought to the Paris peace conference the reputation of "the first financier of Europe, the man who had probed the economic life of the world to the core."

"I do not shine, I do not glitter," he said on one occasion in the Chamber of Deputies. "I leave that sort of thing to my political opponents. I am satisfied if I can reveal an occasional gleam of common sense." At another time addressing his indifferent colleagues, he said: "I propose to put a little knowledge of the state of the nation's revenue into your heads, whether you feel interested or not." While Minister of Finance he was credited with having laid the foundation for his country's stability from the revenue standpoint and for his establishment of budget surpluses.

WARM RECEPTION ACCORDED FRENCH TIGER AT BOSTON

War Premier Makes Two Half Hour Addresses

(By The Associated Press) BOSTON, Nov. 23.—Georges Clemenceau, the "Tiger" of France, today stood in Massachusetts' historic hall of flags and cried out to America that she could not desert her war associates. "You are prisoners of your own nobleness," he declared. "You must remain what you are." The aged war premier of France arrived here to find the warmest reception he has been accorded since he landed at New York last Saturday. He delivered two half hour addresses. He spoke first in City Hall after he had been welcomed by Mayor Curley and had presented a huge silk flag of France and a gold medal inscribed, "The Tiger." He spoke again in the hall of flags at the stage house where Governor Cox introduced him. Both addresses were impassioned pleas for America to align herself again with France. Boston turned out everything it possessed in the way of military display to emphasize her welcome to the famous war figure. Major General Clarence R. Edwards, commandant of the first army corps area was among the party of notables, led by Lieutenant Governor Fuller which met him in the station. A double lane of national guardsmen, kept the path open for him to the street. Outside had been massed fighting men of every sort that the city could muster. There were cavalrymen, infantrymen, artillerymen, marines, bluejackets and policemen. Greets Blue Devil. Up Boston's winding streets the cavalcade moved thru streets lined with cheering crowds. Ticker tape and confetti rained down on him thru French and American flags in the financial district. Entering the state house Clemenceau paused several moments before a statue of Washington. Beneath the high dome of the hall of flags, The Tiger's first greetings went to a blinded son of his native France. "The blue devil" who lost his sight in the great drive of 1915—was Private Guy Endin, now a student at Harvard. The Tiger spied him as he was led forward his breast resplendent with the Croix de Guerre, the Medaille Militaire and the decoration of the Legion of Honor and stepped quickly to embrace him. He spoke emotionally to him in French for several minutes before Governor Cox could start his speech of introduction. From the state house, again riding thru cheering crowds and paraded troops the Tiger drove thru the back bay section to the public library where were nearly a thousand school children singing the Marseillaise. Colonel Stephen Bonzal, who is conducting the tour, refused to let him be interviewed on the citizens launched at him from the floor of the United States senate today. "He's too tired," Colonel Bonzal said. FOUR KILLED AT GRADE CROSSING (By The Associated Press) CHICAGO, Nov. 23.—Four persons were killed, their automobile was demolished and the engine of a California mail train on the Northwestern was ditched as the result of a road crossing accident at Elmhurst, just west of the city tonight. The dead are George Gierok, driver of the car, Ella Hieneman, William Ehler and an unidentified man. The party was returning from a church meeting. They failed to hear the whistle of the oncoming train and their car crashed thru the closed crossing gates directly in the path of the fast train. MRS. HALL IS GRANTED ANNUITY Trenton, N. J., Nov. 23.—Altho Mrs. Frances Stevens Noell Hall, widow of the Rev. Edward Wheeler Hall slain with Mrs. Mills, his choir leader in New Brunswick did not apply for a pension she was granted an annuity of \$600 from the pension fund of the Protestant Episcopal church. The fund was created five years ago as insurance for widows of Episcopal rectors regardless of their financial standing. BREWERY HEAD ACQUITTED BY JURY Chicago, Nov. 23.—Edward J. Burk, president of the Burk Brothers Brewery, who was accused of aiding in the manufacture of real beer, was acquitted by a jury today. It was the first case tried here before a jury in which an official of a brewing company was accused of violating the prohibition law. Prosecuting officials heretofore have resorted to injunction and contempt action against accused officials.

FEEBLEMINDED MEN FOUND WORKING IN PENNSYLVANIA MINE

Said to Belong on the Ohio State Farm for the Feebleminded at Orient, Ohio—Were Taken into Custody by State Police Over Manager's Protest—Owner Denies Story

(By The Associated Press) PITTSBURGH, Nov. 23.—Fourteen young men, said to rightfully belong to the state farm for the feebleminded at Orient, Ohio, were removed from the strip mine of Bentz Brothers at Turtle Creek near here today by Pennsylvania state policemen and agents of the Ohio Welfare Department, hurried to Pittsburgh and taken on the first train to Columbus. This action was taken over the protest of Frank J. Bentz, general manager of the company and without knowledge of Sheriff Woodside of Allegheny county. Bentz in a statement tonight declared that the "boys" as they were termed, had been adjudged mentally and physically competent by physicians, and that the company had employed counsel to fight the case in the Ohio courts. Sergeant Creps, who commanded the detail of police sent from the Greensburg barracks with M. M. Hawk and J. Donovan, the Ohio agents, said in a statement to The Associated Press tonight that the raid was a consequence of official declarations of the Ohio agents that the young miners were wards of Ohio and were working for low wages under "deplorable conditions." Sergeant Creps said he made a personal inspection two days before the raid and confirmed the charges. "Several days ago," said Sergeant Creps, "I went to the camp to ascertain just what the conditions were. J. Donovan and M. M. Hawk, of the Ohio Welfare Department gave me full descriptions of the missing boys. "When I arrived there I found the 14 jammed into a small car used as a bunk house. They were so dirty, I couldn't identify one from the other. I returned to the barracks and reported. Donovan and Hawk showed me their warrants and we decided to raid the camp early this morning. "The boys seemed glad to get away. Some said they were paid three dollars a week—others declared they received eight dollars. A few told us that on Saturday nights they received a dollar each and went to Turtle Creek, the neighboring village for a 'big time.' "We drove from the camp to Pittsburgh where we put the boys on the 4:45 a. m. Pennsylvania train for Columbus. Frank J. Bentz, general manager of Bentz Brothers, a contracting firm of Columbus, vigorously denied the charges. He authorized this statement: "The men who were taken away by the state police this morning have been in our employ for various periods. They have come to us from time to time voluntarily. One of them, Raymond Lattimer of Dayton, Ohio, has worked for us for about seven years and most of the others worked for four or five years. None has been with us less than seven or eight months. They range in age from 20 to 35 years. "A month or so ago, a Mr. Donovan and a Mr. Hawk who said they were from Ohio were here with a constable from Turtle Creek and told me we had six men here who were inmates of the institution for the feeble minded at Orient and that they wanted them. "I called the men over and they all denied it. I refused to let them go. State Probing Matter. Harrisburg, Pa., Nov. 23.—Investigation of the conditions alleged to exist in the western Pennsylvania mining camp from which 14 former inmates of the Ohio State Farm for Feebleminded were rescued today has been underway by Pennsylvania state troops for some time, it was announced at state police headquarters. Back In Old Quarters. Columbus, O., Nov. 23.—Fourteen inmates of Ohio's institutions for the mentally defective apprehended in a spectacular midnight raid by state welfare officials on a strip mine at Turtle Creek, Pennsylvania and spirited across the state line before court action could deter them were back in their old quarters here and at Orient tonight.

UNITED STATES ASKED TO TAKE PART IN PARLEY

Will Participate in Central American Conference

(By The Associated Press) WASHINGTON, Nov. 23.—Compiling with the desire of the five central American governments the state department announced today that the United States would participate formally in the conference on central American affairs which will meet here December 4 to discuss matters of mutual interest to all six countries including limitation of armaments. Secretary Hughes and Sumner Welles, former chief of the Latin American division, state department, have been appointed by President Harding as American delegates to the conference, now widened to a six power discussion of American affairs the governments represented being Costa Rica, Salvador, Nicaragua, Guatemala and Honduras. Following is the text of the departments announced: "All the countries of Central America have no accepted the invitation of the United States government to the conference on Central American affairs to be held beginning December 4. The United States government has been invited by the Central American governments to participate in the conference thru duly appointed delegates and the president has indicated his readiness to have the United States government so represented and has appointed the secretary of state and Sumner Welles, former chief of the Latin American division of the state department as the representatives of the United States. "Mr. Welles has been acting as commissioner for the president in connection with the proceedings looking to the withdrawal of the military government in Santo Domingo and these duties will not be interfered with by his appointment as a delegate to the conference on Central American affairs." Prompt acceptance by the Central American governments is expected. (Continued on Page Four.)

Undermyer to Assist In Daugherty Case

(By The Associated Press) WASHINGTON, Nov. 23.—Samuel Undermyer of New York will assist the American Federation of Labor in presentation of its argument urging impeachment of Attorney General Daugherty when the impeachment proceedings again are taken up, according to a formal announcement tonight by the federation. Mr. Undermyer, according to the statement will handle features of the impeachment proceedings dealing with the anti-trust and war fraud cases.

Undermyer to Assist In Daugherty Case

(By The Associated Press) WASHINGTON, Nov. 23.—The action of the house judiciary committee today in fixing a date for presentation of facts by Representative Keller, Republican, Minnesota, who made the formal impeachment charge was described by President Gompers of the federation as meaning that Mr. Keller would have to "play the table all of his proof before the formal hearings are begun." The attorney general then Mr. Gompers said, would be able to lay plans for his vindication "at leisure."

At any rate, we can agree that very few people understand all of the provisions of the ship subsidy bill.

Gov. Henry Allen of Kansas, who is soon to go out of office, as many admirers as well as many critics. However, there must be unanimity of feeling that the governor is a man who follows his convictions. He takes the course that he believes right and follows it out to a conclusion, no matter on whose toes he may tread.

His method of dealing with the Klu Klux Klan in Kansas is indicative of the directness of his methods.

With Clarence Darrow and former Senator L. Y. Sherman discussing provisions of the proposed constitution of Illinois pro and con, here in Jacksonville, local people should certainly come

directors of the Westinghouse Electric and Manufacturing company.

"The United States will become covered with a network of transmission lines," said Gen. Tripp, in light and power industry. "This picturing the future of the electric means that electricity will be obtainable through very large areas; and this, in turn means that people will not have to crowd into cities to pursue industry or to enjoy the comforts and luxuries of modern life, but will be able to satisfy their wants almost anywhere.

"The result will be a decentralization of our population, the return to the country life that everyone recognizes as so desirable. This, in the belief of many, will be one of electricity's great accomplishments."

COMMERCIAL ARBITRATION
The International Chamber of Commerce, of which the United States Chamber is a leading member, has perfected plans for the establishment of an international court of arbitration for the settlement and adjustment of commercial disputes between different countries. There is nothing political about the international chamber, and this new court will have no connection with governments or their agencies.

At first thought this organization and its latest activity may seem to concern only persons interested in business and commerce. On the other hand, commerce and its branches have been responsible for many of the great wars of history. If an international body can bring about just and friendly relations among nations, as our national chamber of commerce is advancing good will and co-operation among private American commercial interests, who can foretell how far it may go in promoting world peace?

FARMERS AND THE CONSTITUTION TAX PROVISIONS.
There has been a great deal of changing sentiment with reference to the tax provisions of the proposed constitution. This statement applies particularly to farmers and farm organizations. In the earlier days of discussion the representatives of farm organizations believed that the adoption of the new constitution would mean additional taxes for them. A study of the provisions, however, has convinced them that the adoption of the constitution will mean a more equitable distribution of tax burdens.

Under the authority of the new constitution the state legislature can pass laws which will bring to light a great deal of property that is not intangible. For example, there are said to be thousands of people resident in Chicago with salaries ranging from \$10,000 to \$25,000 a year, who now pay no taxes other than the federal income tax. The reason is that they do not own real estate and the securities they hold are not reported.

Under the powers of the proposed constitution the legislature would have the means for bringing these securities out into the light. Taxes thus imposed would mean that the taxes on real estate would be lowered. A study of the proposed constitution brings the conviction that betterment in the taxing system is one of the strongest points in favor of the adoption of the constitution.

BERTON BRALEY'S DAILY POEM
Fond Memories
By Berton Braley
"THE happy days of childhood,"
How fair and bright they were;
How full of careless rapture!—
or people so aver;
To which enthusiastic stuff
I feel I must demur.
"THE happy days of childhood!"
Well, maybe they were that,
But chiefly I remember
The school wherein I sat
And how I hated all the tasks
That I was busied at.
"THE happy days of childhood!"
Were days when, I recall,
I had the croup and measles,
Which held me in their thrall;
And other "kid" diseases,
I think I had 'em all!
"THE happy days of childhood!"
Those times of joyous play,
When I had fights with other boys
Not less than twice a day,
And swollen lips and blackened eyes
Were tokens of the fray.
"THE happy days of childhood!"
Appear, on backward view,
As days when everything was wrong
That I desired to do,
And always I must go to bed
Before I wanted to!
CO, though a frank opinion
May give romance a far,
I'll say that since I've grown a man
I'm happier by far.
Those childhood days are over—
And gee, I'm glad they are!

Hiderm Temple Will Put On Big Event December 4 to 9 Inclusive—To Be Held In Auto Inn.
Members of Hiderm Temple No. 61, D. O. K. K. have completed plans for a big indoor circus and Merchant's Exposition which will be given in Zahn's Auto Inn the week of December 4 to 9 inclusive.
At a meeting held in Castle hall Thursday evening a committee was appointed to take charge of the management of the affair. This committee is composed of Arthur Reeve, Frank Braeswell, J. E. Scott, Fred Jordan, Charles Godfrey, H. C. White, M. E. Gilbert, William Arenz and Leo Eades.
In addition to many displays by local merchants, high class circus acts have been engaged. The acts will come from the Sells-Floto, Ringling Brothers, Wallace and Wolfe shows and are features on the programs of various shows.
Another feature, and one which will attract great attention, is the contest for the most popular young lady. This is sure to create lots of interest among the adherents of the various candidates.
In order not to interfere with the merchants, the circus will only be open in the evenings. There will be dancing each evening as an added attraction to the circus and exposition. On Saturday afternoon there will be a children's matinee. More details of the circus will be given from time to time thru the columns of the local press.

COUNTY HAS LEAGUE OF WOMEN VOTERS
Morgan County Branch Organized Thursday at Home of Mrs. W. S. Jones—Purposes of Organization Outlined.
A group of women met Thursday afternoon at the home of Mrs. W. S. Jones on Mound avenue and organized a Morgan County League of Women Voters. Representatives of various parts of the county had been invited to be present, and the preliminary steps were taken for the organization of the League.
The officers elected at yesterday's meeting were as follows:
President—Mrs. Thomas W. Smith, Jacksonville.
First vice president—Mrs. Frank Green, Sinclair.
Second vice-president—Dr. Lois Neville, Meredosia.
Secretary—Miss Mary Anderson, Jacksonville.
Corresponding secretary and treasurer—Mrs. W. D. Roberts, Jacksonville.
A meeting of the officers and those sponsoring the movement will be held at an early date, when the executive board and various committees will be chosen.
Mrs. Jones, who was the delegate to the state convention of the League in Chicago last week, gave a report of the convention at yesterday's meeting. After hearing this report the women present took definite steps for organization as above indicated.
The Illinois League of Women Voters is in no sense a partisan organization, but it does insist upon its members being affiliated with some party and working for that party. No candidates are endorsed by the League, but thru education it seeks to fit its members for selection of the proper candidates. It supports an open forum, sends instructors to conduct citizenship school wherever desired and in every way seeks to make women better citizens and better able to co-operate intelligently with men in conducting affairs political.

EACH HIGH SCHOOL CLASS WILL GET OUT EXHAUST
Class reporters of the J. H. S., Exhaust will each have a turn at editing the paper according to the plans of the Exhaust staff. An issue to be published by the Seniors with their regular reporter Edward Joquin, as editor-in-chief, will be off the press Friday, November 29. Other members of the class staff will be appointed by the class president.
By turning over the paper to each class in turn the management hopes to infuse some class spirit, as well as to garner some original ideas for the betterment of the paper thru the competition.

SHIP SUBSIDY BILL HAS ROUGH VOYAGE IN HOUSE THURSDAY

(Continued From Page One)
meeting all attacks, Mr. Edmonds expressed belief that most shipping people wanted it passed, although he declared they had displayed slight interest in its framing and had not attempted to dominate or direct the committee.

Mr. Edmonds said he was firmly convinced that the compensation provided was sufficiently large to make up for the loss of operation under the American flag and guarantee an adequate fleet. Asked if the compensation would be perpetual Mr. Edmonds declared that in the history of all

nations granting it there had developed a gradual decrease until in the end it became almost negligible.

"Great Britain started with a big subsidy," he said. "Today it is a small matter. Japan after twenty years of high subsidy is reducing it and still is able to keep her ships on the seas while doing so."

"American shipping," he shouted, "had been cursed by foreign and patch work navigation laws." Declaring the government was proposing to rob Peter to pay Paul Mr. Bankhead told the house the issues involved and the contemplated expenditures were so great that it was the duty of the bill's proponents to show there was no other remedy for present shipping conditions. He characterized it as a monstrosity.

In his opening attack, Mr. Nelson warned Republican leaders that "if they would hold the party together they must go out to the masses and not to the ship profiteers." He insisted the bill assured a return of 12 1/2 per cent annually and over that to ship owners and operators.

EIGHTY FOUR IS DEATH TOLL OF MINE EXPLOSION

Twenty of Dead White Men
and Sixty-Four are
Negroes

(By The Associated Press)
BIRMINGHAM, Ala., Nov. 23.—Eighty-four bodies, twenty those of white men and sixty-four those of negroes, lay tonight in undertaking establishments here and in Bessemer, the death toll of a dust explosion yesterday in Dolomite Coal Mine No. 3 of the Woodward Iron Company, 16 miles west of Birmingham. Eighty-two bodies were taken from the mine early today and of the sixty injured two succumbed.

Reports received by officials of the Woodward company indicated that while several of those remaining in hospitals were seriously hurt, possibly all would recover.

The bodies of eleven white men and sixty four negroes were in one undertaking establishment in Bessemer and while large crews of morticians worked feverishly all day preparing them for burial hundreds of persons congregated in the street about the place seeking news of relatives or friends.

One white man and 15 negroes had not been positively identified early tonight and since all of the nameless ones were here, persons interested in them besieged the establishment. It was necessary to station police at the entrance and only those seeking the missing or the relatives of those known to lost their lives were admitted.

The explosion was expressed by mining experts to have been a freak and so far as local records show only the third of its kind ever to have occurred in this country.

Dolomite No. 3 is a slope mine opened in 1882 and operated until yesterday without a serious accident. A string of dump cars broke loose on the incline literally dropped 800 feet to the yard, where great clouds of coal dust arose with the impact and a high tension electric cable severed with the crash ignited the dust. The mine and slope were undamaged and it was said that with repairs to the tracks and hoists would be made in time to resume operations Monday. It is believed that about 40 of the men who lost their lives were in the yard at the foot of the slope and were killed by the concussion.

COTTON BELT TO MAKE IMPROVEMENTS

(By The Associated Press)
ST. LOUIS, Mo., Nov. 23.—An improvement of \$5,000,000 improvement program by the St. Louis Southern Railroad, the Cotton Belt, to increase freight efficiency in the southwest was made at the general offices of the road here tonight following receipt of messages from Daniel Upthegrove, president of the system that the directors meeting in New York today had approved the program. It was announced that the purchase of new equipment would account for \$3,000,000 of the total program and the remainder would be used for improvements.

PARDON PLEA OF UNION LEADERS DENIED

Springfield, Ill., Nov. 23.—The pleas for pardon of Edward A. Graves, vice president of the Upholsterers' union and Roy Hull, business agent for the union were denied today by Governor Small on recommendation of the state division of pardons and paroles. Graves and Hull were convicted of assault in the Chicago Upholsterers' strike in 1919. Information at the office of the governor was that the men had already been taken to the state penitentiary at Joliet.

ATTEMPT MADE ON SUPERINTENDENT'S LIFE

Peoria, Ill., Nov. 23.—George R. UNITED STATES ASKED TO TAKE PART IN PARLEY

(Continued From Page One)
tral American powers of the proposal of the United States that they meet in Washington to endeavor to negotiate an agreement that would tend to insure permanent peace among them and amicable adjustment of their disputes was very gratifying to the Washington government. This was indicated in a supplementary communication from the state department, in which the desire of the United States to cooperate in every way to make the conference a success was stated.

Readiness of the United States to participate formally in the conference deliberations or to extend its good offices to the conference in any other way was brought out in the communication. The replies of the five governments were emphatic in expressing in each case the desire that American delegates sit in the conference and in accordance with this Secretary Hughes and Mr. Wells were appointed by President Harding. In the supplemental communication which led to American participation the Washington government pointed out the great significance it saw in the recent meetings of the president of Nicaragua, Salvador and Honduras aboard the U. S. S. Tacoma as foreshadowing increased friendliness and continued peaceful relations among the central American governments.

At that time three executives affirmed for their governments adherence to the treaty of peace and friendship signed in Washington in 1907, while at the same time the governments of Costa Rica and Guatemala made definite declarations that so far as they were concerned that treaty still was in force.

It was said that the Washington government regarded this action as a long step toward peace and stability in Central America and believed that a further exchange in views in Washington would put in permanent form as a treaty those things of value which have grown out of the 1907 covenant.

CONSTITUTION DEBATE AT KIWANIS CLUB

Interesting Discussion Presented at Luncheon Thursday—Club Will be Host to Foot Ball Squad.

Varying views on the proposed constitution for Illinois were presented at the luncheon of the Kiwanis club at the Peacock Inn Thursday. F. E. Farrell, president of the club, presided and introduced William N. Hairgrove for an address in opposition to the constitution.

Mr. Hairgrove was followed by Judge E. S. Smith of Springfield, State's Attorney Carl E. Robinson, Judge H. P. Samuell and Mayor E. E. Crabtree, each of whom was allotted five minutes and spoke in favor of the constitution proposal.

Mr. Hairgrove then closed the argument in a five minute address. It was a very informing discussion and many points were brought out and the Kiwanians adjourned with a far better knowledge of the provisions of the proposed constitution by comparison with the constitution now in effect.

Mr. Hairgrove discussed particularly the proposed changes in court procedure, claiming that the new constitution robs the individual of the protection to which he is entitled. He also

discussed some of the revenue provisions.

The cause of the Near East was presented by Dr. J. E. Kirby, who is here to tell Jacksonville people about the great need over there. Dr. Kirby was in the Near East area for some time assisting in the relief work, and speaks from personal observation.

The Kiwanis club will not meet next Thursday but arrangements have been made for a special session the night of December 4 at Grace M. E. church. It will

be ladies' night and members of the Illinois high school football squad will also be guests.

Among the guests at the Thursday luncheon, in addition to those mentioned, were Henry Frisch, P. J. White, E. M. Henderson, Earl M. Spink, Dr. Chapin of this city; William Thatcher of the Standard Paving Co., of Chicago; William Culloch of Urbana.

The attendance prize for the day was awarded to John W. Larson.

Domestic Science Schools Use Calumet

Where baking is done scientifically—where ingredients stand or fall under exacting tests, you find Calumet Baking Powder used more often than any other brand.

—the choice of over hundreds of brands—the perfect leavener—pure—uniform. Keep this in mind when you buy baking powder, because it is of vital importance to successful—dependable baking.

The purchase price of baking powder does not determine its economical merits—results tell the story.

That's why the sale of Calumet is 2 1/2 times as much as that of any other baking powder.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

Social Events

Entertains for Miss Ornellas

Miss Minerva Wharton entertained a number of friends last evening at her home on South Church street in honor of Miss Marie Ornellas who is leaving for an extended stay in California. The guests included the girls in the office of the Illinois telephone company where Miss Ornellas has been bookkeeper for some time. The games and music planned by the hostess filled a pleasant evening and at a late hour delicious refreshments were served.

To Entertain at Dinner

Miss Marguerite Corrington is to entertain a number of friends at dinner this evening at the home of her father, Clinton Corrington on South Main street. The guests included a group of friends who meet every two weeks for an informal dinner and social evening. The delicious menu which has been planned includes roast goose and other delicacies.

Dinner will be served at six o'clock and the remainder of the evening will be spent with cards. The guests will be Mr. and Mrs. Henry Strawn, Mr. and Mrs. Charles Cully, Mr. and Mrs. William Murray, Mr. and Mrs. Homer Cully and family and Mr. Clifton Corrington and sons Roy and Frank.

Mrs. Mahoney Entertains Bridge Club

Mrs. E. J. Mahoney entertained the members of her bridge club yesterday afternoon at her home on South Diamond street. Only the members of the club were present and three tables of cards were made up. After the time spent in playing the hostess served an attractive afternoon luncheon.

Bridge Party For Mrs. Long

Mrs. Sterry Long of Pontiac, Illinois was the guest of honor at a charming afternoon bridge party yesterday, given by Mrs. W. L. Fay, Mrs. Frank Plouer and Mrs. W. A. Fay, at the home of Mrs. W. L. Fay on West State street. Twenty-five tables were made up for cards and the hours most delightfully spent in playing. At the close of the afternoon an attractive luncheon was served. Chrysanthemums and other fall flowers were used in colorful decorations for the affair. Mrs. Charles Franz and daughter, Miss Helen Franz of Springfield were among the out of town guests at the function.

Entertained For Miss Mignon Hirsch

Miss Almyra Sample entertained at a backward party at her home recently in honor of Miss Mignon Hirsch who leaves soon to make her home in Springfield. Games and music occupied the evening, prizes being won by Miss Bernice Sample, Miss Eudora Milburn, Miss Hirsch and Miss Virginia Gaskins. Dainty refreshments were served by the hostess. The guests departed at a late hour wishing Miss Hirsch much happiness in her new home.

Surprise Party For Mrs. Rayborn

Mrs. H. S. Rayborn was given a very pleasant birthday surprise Wednesday by a number of her friends, who arrived unexpectedly at her home, 851 Grove street and announced that they had come to help her celebrate the anniversary. A splendid wild duck dinner was served at 6 o'clock, followed by several hours very pleasantly spent with music and games. At a late hour refreshments of ice cream and cake were served, and all departed with the hope that Mrs. Rayborn may celebrate many more such anniversaries.

Those present were Mr. and

Mrs. George Brown, Mr. and Mrs. Marshall Smith, Mr. and Mrs. Culp, Mr. and Mrs. John Bowen, Mr. and Mrs. Burneister, Bernard Meyer and William Beilschmidt of Arenzville.

Ebenezer Missionary Society Entertained

The Woman's Foreign Missionary society met Thursday afternoon at the home of Mr. and Mrs. T. B. Fozzard on Caldwell street. Mrs. Fozzard was assisted in entertaining by Mrs. Sam Bridgeman and daughter Pearl, Mrs. John Bridgeman and Mrs. Charles Mason. A song by the society followed the opening of the meeting by Mrs. Emma Cully, the president. Roll call and minutes were read. Mrs. Fozzard was in charge of devotions, and Rev. F. E. Bracewell gave the prayer. Letters from Miss Davis, missionary in Bulgaria, and from Miss Myra Beggs, now in Auburn, were read by the corresponding secretary, Miss Martha Patterson, who was also the program leader. The topic for the day was covered by Miss Ella Blackburn, who read a chapter of the text book. Mrs. Jones who gave a paper, and Miss Edna Bracewell, who presented a reading. Mr. Bracewell dismissed the meeting and a social hour with refreshments served by the hostess followed.

FUNERALS

Dunlap.
Funeral services in memory of the late James M. Dunlap were held at 10 o'clock Thursday morning at the family home on Webster avenue. The services were conducted by Rev. M. L. Pontius pastor of Central Christian church, a large company of relatives and friends assembling to pay honor to Mr. Dunlap's memory.

The services were simple in accordance with the known wishes of the deceased and in accord with the request of members of the family. Mr. Pontius spoke in a very brief way. He said in part:

The life which Mr. Dunlap has lived so long and so successfully stands as a lasting eulogy. The early Christians conducted a very brief, simple service in memory of their dead. They placed up the bier a palm leaf, the symbol of victory. We receive comfort through Christian friends, through meditation, through flowers. However the most satisfying comfort comes through the medium of the spirit-filled word of God. The word strengthens our faith and renews our hope. To the Bible we go in the hour of sorrow and trial as a bird goes to its retreat in a storm. As we study the Bible, faith and hope becomes ripened into divine love. Love bridges for us the chasm which we call death. Death becomes a mere incident in unending life. We bid our loved ones good-night as they enter the vale which leads into the realm of eternal morning.

From the house the cortege moved to Diamond Grove cemetery, where Knight of Hospitalier Commandery, Knights Templar conducted the impressive ritualistic ceremony. The officers serving were Julius G. Strawn, prelate and W. A. Fay commander.

There were many floral tributes and these were cared for by Mrs. L. F. Randall, Miss Cassell, and Misses Mayme and Ruth Dunlap.

The bearers were Messrs. Edward M. Dunlap, Ralph I. Dunlap, Harold Dunlap, George Orear, Abe Weith and William Goebel.

DEATHS

Crum.
Funeral services were held at the Baptist church of Ilterberry Thursday afternoon for Samuel H. Crum. The service was in charge of Rev. Ben Johnson of Springfield, pastor of the church. Practically the whole Ilterberry community and many people from Jacksonville were present.

Music was furnished by Mrs. W. H. Crum and Miss Wilma Crum, with Mrs. Ed Carpenter of St. Louis at the piano.

A large floral offering was cared for by Mrs. E. A. Litter, Mrs. W. W. Young, Mrs. J. E. Underbrink, Mrs. Nell Sorrell, Miss Ruth McDonald and Miss Alta Crum.

C. A. Beavers, Charles Young, O. M. Petefish, J. A. Litter, J. L. Campbell and A. B. Chapman were bearers.

Interment was in Arcadia cemetery.

Carter.

Daniel Webster Carter, civil war veteran and one of the city's oldest colored citizens, died early Thursday morning at Passavant hospital. He was 92 years of age.

Born in Missouri, he became an Illinois resident 28 years ago. The remains will be taken from the Graham funeral home to Mt. Airy Mo. for burial.

The following children survive. James, Joseph, Anna and John of Chicago, and Eugene and Jesse of this city. Mr. Carter was a member of Mt. Emory Baptist church here.

WITH THE SICK

Rev. E. E. Curry of Waverly entered Passavant hospital as a patient yesterday. He was accompanied to Jacksonville by Dr. Charles Crum of Waverly. Clyde Woolfolk of Scottville entered Passavant hospital Thursday for treatment.

With Morgan County Poets

To John Kearns, Poet Laureate.

Dear Sir:

Tinkety tink and tappety tap

Made up a day not worth a rap

To some who think that weaving chairs

Is just stretching cane from hole to hole

And has no place in Wise affairs

And the weaver works without a soul.

Not being a bard and my soul being free

Of all conventions and rules that be

For those who think in higher airs

And jot their verses in proper meter

We're pleased to say, while climbing the stairs

That all the hard knocks have made this sweeter.

Friends, what are friends to you and to me

If they are not there and always will be

To round the sharp corners and smooth the rough edge

Of whatever needs doing and whatever goes wrong?

For the goodness of man is not in a pledge

Not nearly so often as in laughter and song.

'Tis not in defense of a bad life ill spent

That all the pure verses we sorely do rent

But just for the reason that rising to verse

Edifies, artifies, crackles some bones

Whenever some poor devil rides in a hearse

And that being me, I am, Peg Leg Jones.

C. OF C. MEN GOING TO C. P. & ST. L. MEET

Conference of Representatives of Cities on the Road Will be Held in Springfield Today—Special Membership Committee Named

Numerous subjects relating to the work of the Chamber of Commerce were discussed by the board of directors at the Thursday night session, during which Vice President J. W. Merrigan presided.

Henry Frisch of the hotel committee stated that the preliminary work looking toward the organization of a company to erect a hotel is under way and that the prospects are good for the successful launching of this project at a later date.

Secretary Welch mentioned that the questionnaire in which merchants are asked to outline their wishes with reference to holiday closing dates are being answered by many merchants. After a vote has been taken in this way an announcement will be made as to the majority opinion.

The secretary also made mention of the report of the traffic committee which will soon be available.

Following a custom which has been inaugurated in some other cities, two members of the organization are to be appointed by the directors each week to serve as a special membership committee for the week following. Harlan Williamson and Clarence York were named last night for this special membership work and these men will call during the week upon prospects whose names may be given to them by Secretary Welch.

A report was made from the forum, indicating that a meeting is soon to be held under chamber of commerce auspices, at which argument in opposition to the proposed new constitution will be presented. This plan was approved by the directors, as it is not the function of the chamber of commerce to have anything but a neutral position upon all questions relating to the constitution.

A conference is to be held at the Sagamo club in Springfield this afternoon by representatives of cities along the C. P. & St. L. railroad. At this conference it is expected that plans will be outlined for the argument that is to be presented before the commerce commission, when the petition of the bond holders for the abandonment of the road is considered.

ORGANIZE MALE CHORUS IN ELKS LODGE

Mr. Arnold Lovejoy to Direct
Work of Group of Chorus Singers
Program of Concerts
Planned.

MR. ARNOLD LOVEJOY.

All music lovers and citizens of Jacksonville will read with pleasure the announcement concerning the Elks' male chorus which is now well under way. Jacksonville has long needed an organization which will be comprised of men who sing with an artistic and competent finish and Elks lodge and fraternity are to be complimented as being the originators of such a project, thus placing Jacksonville along with larger cities.

An ensemble group of chosen singers, numbering thirty-five, all members of the fraternity, will constitute the first male chorus of Jacksonville. Strong competition has already manifested itself for places in this organization and we are pleased to learn of the interest taken to establish this group.

The aim of the chorus is to give several artistic and finished concerts during the coming winter months and at each of these an added attraction may be the feature thus bringing an out of town soloist to assist with the program. The concerts will mainly comprise works of standard composers arranged for male voices with an occasional solo voice part. The feature of each program will be a chosen male quartet which every one so enjoys. Concerts in other cities will be booked thru the Elks lodge and this will also tend to act as an advertising medium for Jacksonville at large.

The services of Mr. Arnold L. Lovejoy, the new head of the voice department of Illinois college, have been secured as director and coach. Mr. Lovejoy has had a vast amount of experience in directing choruses, opera, glee clubs, etc., having taken three successful glee clubs on tour over many states and all those who have watched Mr. Lovejoy at work with various organizations here in the city will know that the Elks' male chorus will be a success.

A committee comprising the following men is busy at work arranging matters:

Chairman, O. H. Wilder, F. E. Wamaker, John Rule, Harold Dunlap, Lathrop Ward.

The first rehearsal will be held at 2 p. m., Sunday, November 26, at the Elks' home. Other announcements will be made at a later date.

URGE GOLFERS TO LOOK OVER GREENS

Officers and members of the greens committee of the local golf association invite all who are interested in the sport to inspect the various changes and improvements made in the Nichols park course during the past year and give to the committee any suggestions for improvements still needed or modifications that might add interest to the game. The annual meeting of the association will be held some time in December.

Mr. and Mrs. Robert Loving were among Sinclair residents who visited in Jacksonville yesterday.

DEDICATORY RECITAL PLEASES LARGE CROWD

Charles Heinroth, Pittsburgh Organist, is Master of Technique and Tone Color

Playing before a crowd which made necessary the throwing open of the east partition of Central Christian church auditorium for the accommodation of several hundred additional auditors, Charles Heinroth, organist of the Carnegie Institute of Pittsburgh gave fitting first use to the new triple-keyboard organ of the church last night.

Aside from its musical balance the program was well calculated to show the possibilities of the organ, and Mr. Heinroth stated that he was pleased that the organ was in such good shape, a newly installed organ seldom being as nearly perfect in tone and key. The third or "choir" keyboard brings a limited but effective auxiliary into play, and in the hands of Mr. Heinroth served to obviate all abruptness of keyboard shifting. It has less incisiveness and power than the "great" but more richness of tone than the "swell."

Mr. Heinroth's technique was flawlessly facile, and his musicianship unquestionable. He was at his best in the atmospheric, as in the Gullmatt Pastorale and in the Wagner Waldereben, which the long, contains some finely sustained pletization, and which the tensely quiet, demands mastery of technique for its sustained rhythm. In the Adagio of the Handel overture and the Soest Saens "Le Rouet d'Omphale" the registers of the organ were used to the best of their capacity for shading.

The first movement of the Handel overture and the opening and closing theme of the Bach number added strength and dignity to the program, which was well balanced as between the old classics and more modern, the no ultra-modern numbers. The chimes of the organ were introduced in "Cradle Song," an encore whose central theme was especially effective and in "Evensong." The concluding "Farandole" (Bizet) gave a touch of the spirit of the crowd of a fair. The final encore was a Scottish Fantasy by McFarlan, whose most interesting bit was a combination of "Annie Laurie" with "Comin' Through the Rye"—the two themes, played separately and then together would make perhaps a more vivid impression without so much miscellaneous setting.

The recital was in all ways a decided success and if, as intimated, it is intended to bring other artists at intervals for recitals at the organ, it is only to be desired that the choice be as fortunate as that of Mr. Heinroth. Mr. Henry Ward Pearson, who was responsible for the securing of Mr. Heinroth, is to be congratulated upon his effort toward the success of the event.

FORMER MEREDOSIA MAN IS DROWNED

J. H. O'Neal of Superior, Wis., Meets Death by Drowning—Remains are Brought to Meredosia For Burial.

Meredosia, Nov. 23.—J. D. McLain received a telegram from his daughter Mrs. J. H. O'Neal of Superior, Wis., stating that her husband had been missing since Sunday and they feared he had been drowned.

Mr. McLain drove to Arenzville where he took the train expecting to arrive in Superior Wednesday evening. Thursday morning he wired his wife here that they would be in Arenzville Thursday night with the body and for the undertaker to meet them.

The death of Mr. O'Neal was quite a shock to the relatives here who with the wife, have the sympathy of the entire community in their hour of sorrow.

SCHOOL DISTRICT CASE INTERESTS MANY

Master in Chancery Found Issues in Suit Favorable to Manchester District—Exceptions Filed for Murrayville District.

Considerable interest attaches to the pending suit of the Manchester community high school district No. 121 of Scott county, Morgan and Greene counties, brought against Murrayville community high school district No. 123 of Morgan county. This proceeding originated over the fact that a part of the Manchester high school district is identical with that included in the Murrayville community high school district.

Those who laid out the Manchester district included territory that is located only about one-half mile distant from the Murrayville school. However, the steps for the organization of the Manchester district were taken some days before the organization of the Murrayville district.

It is the purpose of the Manchester district to bring about a court ruling which would prevent the collection of taxes for school purposes by the Murrayville district from the area which is already included in the Manchester district, on the claim of overlapping territory.

In the proceeding it has been the contention of the Murrayville district that there is no overlapping and that the Manchester officials were in error in outlining a district so near to Murrayville. It is the claim of the attorneys for the Murrayville district that the law contemplates that general community lines shall be followed and that this idea was violated by the action of the Manchester district officials.

The suit was filed at a former term on the behalf of the Manchester district by Thompson & Thompson and the attorneys for the Murrayville district are Wilson & Butler and Judge Edward P. Brockhouse.

At the present term the master in chancery, to whom the matter was referred for hearing, filed his report setting forth that there is overlapping of territory in the two districts, and that the Manchester district was the first established and also in other points sustained the contention of the Manchester district and recommended a decree giving the relief prayed for in the bill of complaint.

The attorneys for the Murrayville district filed objections to the master's report which were overruled. Yesterday attorneys for the Murrayville district filed exceptions to the master's report, setting forth practically the same matters as were contained in the objections filed to the master's report.

DRILLING WORK MOVES STEADILY

Prospects Counted Good For Development on Cleary Farm—Begin Well on Trotter Farm.

The drill in the citizens' well on the Cleary farm is now down to a depth of about 1025 feet. Salt water has been encountered and has interfered with the work to some extent, but not to any greater degree than is usual in such operations.

Mr. Rhodes who has supervision of the work, said yesterday that everything is moving along in a satisfactory way and that the drilling thus far shows a structure of the kind that geologists' reports had indicated.

P. C. Irwin, who also keeps in touch with the drilling operations, yesterday expressed the opinion that thus far the indications for an oil find are excellent, but he believes that whatever the well develops will be shown at a depth of about 1200 feet.

Mr. Irwin also said that the well is in excellent condition and that the drilling work has moved forward in a fine way. The Hefflin rig which Mr. Irwin is using is on the Trotter farm and a new well there is now down to a depth of a little more than 100 feet.

STURTEVANT HALL INTERIOR FINISHED

Upper Story of Building Now Is Used by Biology Students—Lecture Room Holds 100.

With the completion of installation of biology equipment in the west section of Sturtevant Hall, Illinois College facilities are back to normal and even considerably improved from the time before the burning of the building in the fall of 1920.

The biological room was well lighted previous to that time, but the chemistry work was not so well provided for. The new scheme moves the biology laboratory to the second floor, with new west windows to give plenty of light, and moves the chemistry department down stairs. This gives room for the chemistry department to expand into the partially excavated basement, where a fan-room for exhausting gases from the laboratory above and a store room for materials are situated. Practically the entire first floor of the building is available for experimental work; and a quantitative laboratory may later be fitted up in the west side of the basement.

In addition to the biology laboratory there is now on the second floor a larger lecture room than the college has hitherto possessed with 100 permanent seats in elevated amphitheater arrangement available. This room is given over to the use of various large classes.

Why the Standard Oil Company's Business Is Successful

CONSUMERS buy petroleum products from the Company which serves them best. The Standard Oil Company (Indiana) has succeeded notably because it has given notable service.

The desire to render maximum service to the community has actuated this Company in every one of its undertakings over a long period of years. Proof that the service is being adequately rendered lies in the Company's sales sheets.

Lines of efficiency radiate from the Board of Directors through every department of the organization to the ultimate consumer.

First on the efficiency chart comes quality of product. To maintain this quality there has been organized modern laboratories where every product is chemically tested for the service it is designed to render. High quality once achieved is made a standard from which deviation is never permitted.

Sales and distribution also are organized to produce maximum results at minimum expense. This assures the consumer a dependable supply, and it guarantees that when he buys a Standard Oil Company (Indiana) product he is paying only a fair and equitable price for which he receives full value.

Every factor entering into the Standard Oil Company (Indiana) business, from the purchase of crude, its transportation to the Company's refineries, its manufacture into a large number of useful products, its distribution through an intricate network of main and sub-storage depots, tank wagons, and service stations, is developed with a single eye to serving the public.

Experience has proved that the most profitable business accrues to that organization which serves the public best.

PLAN DEBATE ON NEW CONSTITUTION

Will be Held at Membership Meeting of Chamber of Commerce November 28—Two Prominent Men Will Debate the Measure.

The membership meeting of the Chamber of Commerce which will be held on Tuesday evening, November 28, will be a debate on the new state constitution. The Chamber of Commerce is merely acting for the people and the members of the organization is trying to place before them the many sides of the new constitution.

For this reason it has been arranged to have Victor Olander, prominent labor leader of Chicago, present the facts on the side of those opposing the adoption of the new constitution. The affirmative side of the question will be upheld by an able speaker who was actively connected with the constitutional convention. It is planned to have George Woodward, president of the constitution

tional convention speak at this meeting but it is not yet known whether he will be able to be present.

The Chamber of Commerce is also urging its members to attend the meeting at the court house tonight, to hear the address by Clarence Darrow, celebrated lawyer of Chicago, who will speak against the adoption of the new constitution. Members of the Chamber of Commerce are being urged to attend these meetings in order to acquire information on the proposed constitution from all angles.

The entertainment committee with Arthur Cody as chairman, is planning some fitting entertainment for the memorable meeting Tuesday night. The stunts which have been put on by this committee at the previous meetings have met with the genuine approval of the Chamber of Commerce members and it is believed that the efforts of this committee are increasing the attendance at the membership meetings.

WHO SAYS TINKER JONES IS NOT REMEMBERED?

Hurrah! for the Tinker For whom no one yearns. He had at least one friend. And was even remembered by—The poet John Kearns.

Be we ever so lonely here or there Be we ever so good or ever so bad There is always some one—some where. That does care for us Jads.

And all right with the Tinker He is in God's hand Who is a friend to all men who are worth.

He has gained an allotment of land And he rests at last in mother earth.

He was a friend to all friendless things, He tended them day and night They will miss him and then Will be needed for some Other home or den.

Not be missed? his shop and space— Where he minded his business and kept his place Contented at least in his own way Till the Master Tinker said it was day.

Yes! it is day with Tinker Jones, Because the night on earth was long. God rest his bones game leg and all He has answered the makers call.

So here's to John Kearns our Jacksonville Poet, And here's to Mrs. Tandy She's one and don't know it.

And here's to me self Who writes these crude lines, Mrs. J. T. Smith Who is not a maker of rhymes.

"READ A BOOK TONIGHT."

Carriek, Alice Van Leer, Next to Nothing House. This author needs no introduction to the readers of House Beautiful and Country Life magazines and other similar ones as her authoritative articles on antiques are already known. Her books are the most delightful ever written on the subject of collecting old pieces of furniture. A special interest is attached to the delightful old house described in this newest book because Daniel Webster once lived there while he was a student at Dartmouth. Mrs. Carriek, the author, now lives there and she tells, with her usual engaging enthusiasm, of the old time adornments and furnishings which she has made a hobby of collecting at bargain prices. There are over sixty illustrations of the interior of the house. This book will be enjoyed by all whose hobby is the collecting of old furniture or the furnishing of a house with quaint antique pieces. Get it at the public library.

DISTRICT NO. 9 LEADS IN RED CROSS CAMPAIGN

Reports from campaign solicitors in the Sixth Annual Red Cross Roll Call are coming in more rapidly in the last few days. District No. 9, altho not all of the workers in that district have reported, leads the race by getting a large margin. District No. 6 follows with number 8, close second to it and \$20 not far behind. District No. 7 is next in line with the Third Ward business district with it is District No. 2. The other about \$10 behind and in close race districts which are 1213 and 4 reported to date shows the returns from the workers are very favorable and it is expected that a splendid Roll Call will be the result.

It is very pleasing to the workers at the office to find people coming into the office with their membership dues and not waiting to be asked by the solicitors. This shows a very keen interest in the part of the public in the Red Cross and shows the desire of these people to have their names inscribed on the roll. It is hoped by the end of the week, reports will be in from most of the solicitors in order that those who have been missed, may have a chance in the next week to become members of the Red Cross.

GREENE COUNTY RED CROSS WORK OUTLINED

Report Indicates Much Has Been Done the Past Year By Various Greene County Branches—Other Roadhouse News.

Roadhouse, November 23.—The Greene County Red Cross chapter became an active organization this year following the flood disaster along the Illinois river. On account of the breaking of the levee along several important districts about 20,000 acres of land were inundated. The flood drove about forty families from their homes. The people sought temporary refuge in houses of neighbors and friends living along the bluffs.

In order to relieve the crowded condition of these places, tents, cots and blankets were procured of the Red Cross. In addition to the above the local chapter obtained kitchen utensils, etc. from Carrollton, White Hall, Greenfield, Eldred and other points about the county. Several truck loads of supplies of this kind were hurried into the stricken area.

Funds received on this flood relief account were as follows: Greenfield Women's club \$ 10.00 I. O. O. F. Carrollton 10.00 Walkerville Red Cross 150.00 Roadhouse Red Cross 300.00 Athensville Red Cross 75.00 Kane Red Cross 50.00 Rockbridge Red Cross 175.00 Carrollton Red Cross 240.00

In addition to the above supplies furnished by way of relief which came from the local chapter and branches, the following table shows the supplies which were received from Central Division: seed corn, 250 bushels, \$512.50; hay, tons, \$360.00; oats, 15 bushels, \$60; potatoes, 8 bushels, \$80; feed corn 2135 bushels, \$1195; wheat, 200 bushels, \$232.00; soy beans, 20 bushels, \$49.00; total \$2393.10.

Local News

Mr. and Mrs. M. E. Gilbert and the latter's mother, Mrs. Elmira Moore of Jacksonville, Mrs. Mary Arnold and daughter, Miss Lucille of Roadhouse, were guests of Mr. and Mrs. James Sink Sunday.

WORK SUSPENDED OF WHITE HALL SCHOOL

Construction of New High School Building Suspended Because of Non-Arrival of Sills—Hard Road Progresses Slowly—Other White Hall News.

White Hall, Nov. 21—Construction work on the new high school building has been suspended indefinitely on account of the non-arrival of stone for the sills. The brick stack has been completed; it stands 75 feet in height. Seven brick-layers have been employed on the job, but during the past two weeks only two have been on the job, the others going to the First Baptist church job, brick work on which has now been completed. The library building is up to the second story. T. J. Grant has constructed one of the big kilns at the sewer pipe works, 42 feet in diameter, the largest in the world, and M. Egan is now rebuilding one of the kilns at the drain tile works, making the eight kilns at the latter works in excellent condition.

The hard road work between Roodhouse and White Hall has been progressing intermittently, operations being resumed today, after a delay of several days, awaiting material. The hard surface is complete to a point about a mile south of Roodhouse, and it is planned to open another stretch in order that traffic may turn in on the Copper lane and proceed into Roodhouse with little detour over the main road. This section will likely be taken next Monday. There have been cases this week of reckless driving breaking thru the barricade via the Cooper lane and coming to White Hall, and these cases are to be handled. Cooper lane extends from the main road about a mile south of Roodhouse, and is more familiarly known as "lovers lane."

The monthly dinner of the men's class of the First Baptist Sunday school will be held next Thursday evening in the Fox undertaking rooms, and the speaker will be Hon. Frank A. Reiser of Granite City. This will be an oyster banquet, and is free to the members and prospective members of the class.

A petition seeking the retention of William Teter as telephone manager at White Hall is being circulated at White Hall, Hillview and Patterson. It is set forth that the policy of retrenchment adopted by the Illinois Telephone Co., can not be reconciled to the large increase in rates that are intended to place the company's affairs on a good financial footing. The petition asks that definite decision be made in the case of Mr. Teter early in December in order that the patrons may be governed accordingly. Mr. Teter has been notified that his services will be no longer needed after January first. The patrons demand better service by the employment of additional help rather than calmly submit to a course of reducing the working force; the present force of operators has not been adequate to meet the increased demand upon them since the consolidation of the two local exchanges, residents say.

Hear Hon. Clarence Darrow speak against the proposed new constitution at the Court House Friday night at 8 o'clock.

ARENZVILLE FUNERAL LARGELY ATTENDED

Remains of Late Mrs. J. M. Swope Laid to Rest After Impressive Funeral Services—Other Arenzville News.

Arenzville, Nov. 22—The funeral of the late Mrs. J. M. Swope was held at the family home Monday afternoon, in charge of Rev. Max Wiles, pastor of the Presbyterian church of Virginia.

The funeral was one of the largest ever held locally, as the deceased was so widely and favorably known in the community. A great profusion of beautiful floral tributes attested the esteem of relatives and friends.

Following the service at the home the remains were taken to Virginia, where burial was made.

STUDENT VOLUNTEER CONFERENCE

On December 1, 2 and 3 will be held in Jacksonville the Twelfth Annual Student Missionary Conference. About three hundred delegates from the colleges of Central Illinois are expected. It is quite unusual for two colleges to entertain jointly, but Illinois College and Illinois Woman's College are working together in making preparations for the entertainment of the expected delegates.

The various meetings of the Conference will be interesting to the people of Jacksonville as well as to the students and the public is cordially invited to all open session. A more complete outline of the program will appear later.

C. F. Young of 728 Hardin avenue who went to Passavant hospital Wednesday and had his arm amputated is getting along as well as could be expected.

WHITE HALL MAN HAS PRIZE WINNING HENS

White Hall, Nov. 12—Ward L. Hull's pen of White Leghorns won in the state egg-laying contest at Murphysboro over all breeds, according to the summary received by Mr. Hull. Mr. Hull's pen was entered at Murphysboro, the contest covering a year at both Murphysboro and Quincy, and was brought to a close on October 31st. Hull's pen of five pullets was the only pen at Murphysboro to exceed one thousand eggs, the exact record being 1,056 eggs, an average of 211 each. They not only made an average of 200 eggs each, but was the only pen at the two contests, embracing 72 pens at Murphysboro and 114 at Quincy, in which each hen exceeded 200 eggs. The respective records of the five in the "pen" were 204, 207, 212 and 217 eggs. The winning pen at Quincy was also White Leghorns, and they exceeded Hull's pen by 17 eggs with a total of 1,073 eggs. During the year Hull's pen won eleven silver cups, having ranked first for eight months, being the winning pen at the end of the year, and contained two of the five high hens for the entire year in the Mediterranean breeds.

FARWICK IS ARMY STAR

GUS FARWICK

ONE of the reasons why the Army was able to hold Yale to a 7 to 7 tie was Gus Farwick. His fine work in the line was a feature of the West Pointers' play.

Farwick plays a tackle or guard equally well. For a big man he is very fast.

Last year he subbed in the line for Captain Greene. This year he has proved an excellent running mat for Captain Breidster.

Farwick hails from Elgin, Ill., where he starred as a member of the high school team for four years. He first attracted the attention of the eastern critics by his work in the 1920 intercollegiate game between Stamford and Elgin.

TIGER STAR IS SELDOM INJURED

RIGHT END GRAY of the Princeton team, who played such a prominent role in the Tigers' victory over Chicago, is seemingly immune from injuries. In all the games he has played for Princeton, Gray has never once asked for time to be taken out because of being injured.

While Gray isn't a big fellow he is mighty husky, and seems able to take the severe bumps that are handed an end without slowing up his work in the least. It was Gray who scored a Princeton touchdown against Chicago by picking up a fumble and running 45 yards. It was also Gray who received a 45-yard forward pass and put the Tigers in position to score another touchdown.

FRANCHISE GOES TO WIDOW

St. Louis, Mo., Nov. 23.—The franchise in the St. Louis Soccer League, held by the late Peter J. Ratican and known as the Ben Millers, former national champions has been transferred to his widow. It was said today.

Waller Devoy will manage the team for Mrs. Ratican.

ILLINOIS COLLEGE WILL PLAY AUGUSTANA

Blue and White in Last Game of Season Tomorrow—Coach Harmon Takes 21 Men on Trip.

Coach Harmon and his Illinois college warriors will leave over the Burlington this morning for Rock Island where Augustana will be tackled in the last game on the local schedule tomorrow.

Coach Harmon will take 21 men on the trip as he does not intend to take any chances on letting the game get away from him. The men are at top form and have shown lots of pep the past week. The coach is sure that his team can defeat the Swedes but fears that over confidence might prove disastrous.

It will be the first football game Illinois has played with Augustana, tho the school has been met in basketball several times. Augustana has not won a game this season and no doubt will be fighting hard to place the last game on the right side of the ledger.

If Illinois maintains the punch she has shown the past month, the game will be added to the Blue and White victories for undoubtedly Coach Harmon has a squad that right now probably could defeat any team in the Illinois conference.

The following men will make the trip: Mellon, Dale, Witaschek, ends; Reid, Reiss, Ribelin, Gard, tackles; Capt. Gunn, Weber, George, guards; W. Roberts, Wylder, centers; C. Hopper, Elder, quarterbacks; Rogers, Voggs, Short, Meskimen, half backs; Plattner, J. Roberts, fullbacks; Manager Hatfield.

Notes from the Big Ten Camps

ILLINOIS

Champaign, Ill., Nov. 23.—The University of Illinois varsity stopped all but two of the passes hurled thru the air by the Illini freshmen while practicing against the Buckeye aerial attack which is expected to be uncovered in the last game of the season here on Illinois field.

Schultz will play full back, Chris Woodward and Melvain at the halves and Runcie Clark as pilot. Happenny star of most of the games here will be out with an injury.

NEW CHAMP IS BASEBALL FAN

By NEA Service

ELIZABETH, N. J.,—Mickey Walker, the new welterweight champion, has two hobbies, music and baseball. Next to boxing, Mickey is strong for baseball. In the summer his training always includes a bit of the national pastime. He is a regular attendant at the big league games in New York and is a Giant rooster. His baseball hero is Frankie Frisch, showing that Mickey has excellent judgment as far as baseball is concerned. Mickey is strong for music, but says his favorite instrument is the talking machine as far as execution is concerned.

HEADS GRINNELL 1923 ELEVEN

Grinnell, Iowa, Nov. 23.—Hugh E. Nichols, of Marshalltown, was elected captain of the 1923 Grinnell College football team at a meeting of the honor "G" football men held here.

Mrs. T. W. Burdick was in the city from Meredosia Thursday.

Coast Swimmer is Rival for Weismuller

CLYDE GOLDWATER

Johnny Weismuller, have a care.

Clyde Goldwater, 17-year-old Californian, is on your trail.

Goldwater is built along the lines of Weismuller and the resemblance between the two swimmers is rather striking.

Recently Goldwater won the national one-mile swimming championship in competition with many older and more nationally known swimmers.

Goldwater's time for the mile was 25 minutes and 2 seconds, which tied the Pacific coast record.

The youngster is a student at the Stockton, Calif., high school. He is a coming fast and coast experts feel certain he will push Weismuller hard for many records now held by the Chicagoan.

NAVY CONFIDENT OF DEFEATING ARMY

By NEA Service.

ANNAPOLIS, Md.—Coach Bob Polwell is confident that the Navy team will again beat the Army in the annual clash. The return to form against Penn State, after the disappointing showing against Pennsylvania, has dispelled the gloom that for a time hung over the student body, coaches and players.

Polwell banks on the ability of the players, plus experience, to bring them thru against West Point. On the Navy team this year are more players of previous experience on college teams than ever before in the history of the institution. Barchet, the star halfback, played at Johns Hopkins; Lentz, right guard, was at Rutgers last year; Mathews, center, comes from Colorado College; Boles, left tackle, attended Billings Poly, and Flippen, who has played some games in the back field, came from Centre.

It is an interesting fact that all the players on the Navy team this year come from far western and middle states. Neither the southern nor New England states are represented.

The records of the Navy show that most of the football players and wrestlers hail from the west.

SISLER GRABS RECORDS HELD BY COBB

GEORGE SISLER of the St. Louis Browns, who bids fair to usurp Ty Cobb's crown as baseball's greatest all-around athlete, erased another record last summer that the Georgian has held for years, the consecutive hitting record.

Last summer Sisler made one or more hits in 41 consecutive games, thereby just breaking Cobb's record of 40 straight games in which he had hit safely. Cobb's record was made in 1911. It stood 11 years.

In 1921 Sisler erased another Cobb record that had stood since 1911. In that year Cobb made 248 base hits during the season, the greatest total ever amassed by any American Leaguer. A year ago Sisler came thru with 257 safe wallops, nine more than credited to Cobb.

Sisler began his consecutive batting streak on July 27 against New York with Bob Shawkey pitching. He broke Cobb's record on Sept. 6 against New York with Bob Shawkey again doing the pitching.

Joe Bush, pitching for New York, the following day stopped Sisler's batting streak, the star of the Browns being unable to get the ball out of the infield in four trips to the plate. Ed Walsh was the pitcher who stopped Cobb.

Cobb in making his record of 40 straight games batted .464, while Sisler hit .451. Sisler made two more runs and two more hits than Cobb, but was charged with two more times at bat.

A perusal of the two records shows that Cobb made one hit in 15 games, Sisler in 17. Cobb had 16 games with two hits and Sisler 12. Cobb had seven games with three hits and Sisler ten. Cobb made four hits in one game and five in another. Sisler got four hits in two games but failed to register five hits.

The record for consecutive hitting is held by Willie Keeler, who, in 1897, went 44 games in which he hit safely. However, the foul strike rule was not in vogue then.

Market Report

By The
Associated
PressPUBLIC BUYING
SUPPORT LACKING

NEW YORK, Nov. 23.—Further
liquidation of stocks took place in
today's stock market short selling,
especially in the railroad shares ac-
celerating the downward movement.
Declines in active issues ranged
from 1 to 3 points.

Public buying support was again
lacking bears pressing their advan-
ce and being aided by increased
margin calls and some further col-
lating of loans, the value of the col-
lateral for which had been substan-
tially impaired by the recent reac-
tion. A few half hearted attempts
were made to rally the list but they
were given up when the outside pub-
lic refused to come in. Short cover-
ing influenced by the lower call
money rate largely accounted for the
moderate rebound in the final deal-
ings.

Speculative disappointment over
the relatively poor October earnings
statements and a decrease in car
loadings indicating that the peak of
traffic had been passed for the year
resulted in the throwing over of a
large volume of railroad shares
which also was reported to have been
influenced by fear that the transpor-
tation act would be amended by congress.

Louisville & Nashville slumped to
124 and then rallied to 125 1/8 for a
net loss of nearly 4 points. Rock Is-
land 7 per cent preferred broke more
than three points and losses of 14
took place in Atlantic Coast Line,
Chicago & Northwestern, Lake
Michigan Central, common and
preferred; New York Central; North-
ern Pacific and Union Pacific.

Atchafalaya got below 100 but rallied
to par at the close.

Strength of American Sugar, which
rose to 34 points was one of the
bright spots in the industrial list
buying being favorably influenced by
another increase in the price of the
refined product bringing it to the
highest level of the year. Oil shares
were in rather free supply during
the height of the reaction, but net
losses generally were not very large.

Producers and refiners and Standard
Oil of California each yielded more
than a point, but the decline in Pa-
cific Oil, Standard of New Jersey,
Marland and Pierce were held to
fractions while General Asphalt and
Houston were slightly better.
